***Please be advised precise final technical information including emission data and fuel consumption are to be confirmed from the manufacturer for the new Kodiaq. Vehicle Prices, Option Prices and road taxes are expected to remain as stated, however there is a possibility final prices and road taxes may alter as a result of changes to tax dependant emission data. Prior to placing your order please discuss this possibility with your local Škoda dealer.**

Please be advised Sportline model arrival early 2025. Pricing therefore will be confirmed at a later date (TBC = To be confirmed).

Recommended Retail Prices & Annual Road Tax are calculated using the base model WLTP values and are subject to change as a result of your vehicle configuration. Škoda Ireland reserves the right to alter pricing and specification without notice. Delivery & Related Charges Extra - please contact your local Škoda dealer for more information. Škoda Ireland has made every effort to ensure the accuracy of information but does not accept liability for any errors or omissions. The specified fuel consumption and emission values were presented as the official figures unless stated otherwise and are obtained in accordance with Worldwide Harmonized Light Vehicle Test Procedure (WLTP) and are correct at the time of publication. WLTP values reflect the worldwide standard vehicle range excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. Please note WLTP values for vehicle range and consumption may not be realised in real or day to day driving conditions.

Selection: Key Equipment

Safety

Advanced driver alert

Hill hold control

Remote control central locking

Electrical child safety lock system

Seatbelt warning system

Electronic stability control (ESC) & Anti-slip regulation (ASR)

iSOFIX child seat anchor points (1x co-driver & 2x outer rear)

Emergency call (e-call)

Tyre pressure monitoring system (TPMS)

7 airbags (incl. driver, co-driver, side, front, head + central airbag)

Safety assist systems:

- Front assist
- Side assist
- Lane assist
- Turn assist
- Traffic jam assist
- Junction assist
- Intelligent speed assist

Functional

Adaptive cruise control

'Kessy Full' – Keyless entry/go system incl. anti-theft alarm & walkaway locking function

Infotainment system incl. 10.4" touchscreen display, Bluetooth & 9 speakers

Wireless Smartlink (Apple Carplay & Android auto)

Dual wireless charging pad (subject to device compatibility)

Climatronic 3-zone air conditioning

USB-C charging points – 2x front/2x rear/1x mirror

Digital smart dials

Front & rear parking sensors

Rear view camera

Electric tailgate

Trailer hitch preparation

Front & rear electric windows

Auto-dimming rear view mirror

10.25" digital driver dashboard display

Split folding rear seat & mechanical rear seat release

Traffic sign recognition

Remote access (3 year subscription)

Interior

Black/Grey 'Loft' fabric upholstery

Interior ambient lighting incl. footwell lighting

Unique Dark Chrome(UDC) decorative inserts

2-spoke leather multi-function steering wheel with tiptronic paddles

Heated front seats

Electric driver seat incl. height adjustment & lumbar support

Front & rear centre armrest incl. storage compartment

Front & rear reading lights

Luggage compartment lighting incl. storage compartments & 12-volt socket

Split folding rear seat & mechanical seat release

7 seat configuration (PHEV only available in 5 seats)

Exterior

18" 'Soira' anthracite alloy wheels

Spare wheel, tool kit & jack

Body coloured exterior mirrors

Electrically adjusted/heated exterior mirrors

LED headlights with high beam control & LED daytime running lights

LED tail lights

Front fog lights

Dark chrome roof rails

Black window surrounds

Image used is for illustrative purposes only.

SKODA

Selection +: Key Equipment

Effortlessly combining technology with practicality, the Selection + is equipped with many of the most popular features the Kodiaq has to offer. Key equipment includes (in addition to Selection spec):

Leather upholstery (Black or Cognac)incl. comfort design front seats

19" 'Halti' alloy wheels

Matrix LED headlights incl. variable light distribution

LED tail lights with dynamic indicators

Dynamic animation welcome/leaving affect

'SUNSET' dark tinted privacy glass

Silver roof rails

Unique dark chrome door sills

Sportline: Key Equipment

Available early 2025
Specification may change

With sharp, sleek details both inside and out, the Sportline is distinctive from every angle. Packed with exclusive styling, the Sportline will ensure you can indulge your thirst for adventure in total comfort. Key equipment includes (in addition to Selection spec):

19" 'Tirsuli Anthracite' alloy wheels

Matrix LED headlights incl. variable light distribution

LED tail lights with dynamic indicators

Panoramic sunroof

3-spoke sport multifunction leather steering wheel with black stitching & tiptronic paddles

Power folding exterior mirrors – driver incl. auto-dimming, memory function & blind spot illumination

Sportline exterior styling pack:

- Front & rear sports bumpers with diffuser
- Black gloss exterior mirrors & front grille surround
- Black gloss roof rails
- Black gloss rear D-pillar
- 'SUNSET' dark tinted privacy glass

Sportline interior styling pack:

- Black Suedia upholstery
- Front sports seats
- Dark interior headliner
- Aluminium door sills & sports pedals

Kodiaq: Wheels

Preliminary pricing only

HVO (Hydrotreated Vegetable Oil)

Fuel your new diesel Škoda with HVO and reduce emissions by up to 90%

What is HVO?

HVO is a fuel replacement or alternative for compatible diesel engines. HVO offers a cleaner way to fuel by providing up to 90% reduced CO2 emissions. Unlike first generation biofuels, which are made from crops such as rapeseed and soy, Hydrotreated Vegetable Oil (HVO) is a second-generation biofuel made from pre-existing bio-waste products, primarily used cooking and vegetable oil from food industry waste. Manufactured from renewable and sustainable waste, HVO is a paraffinic drop-in fuel designed as a direct replacement for diesel. It meets the international fuel standard EN 15940. HVO can provide full lifecycle greenhouse gas (GHG) emission savings of up to 90% when compared to conventional diesel fuel.

What are the benefits?

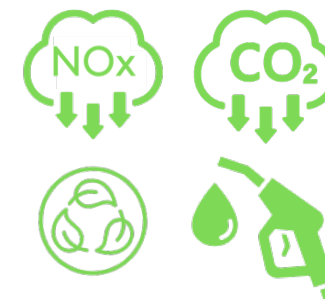

Sustainability – Made from sustainable and renewable raw materials, HVO reduces carbon emissions by as much as 90%. This enables households and businesses to make an immediate reduction in carbon emissions and reduce their environmental impact.

Improved Air Quality due to a reduction in particle and nitrogen oxide (Nox) emissions compared to diesel

Performance – Your vehicles performance will be indistinguishable from diesel with the fuel performing better under certain circumstances such as cold winter conditions

Direct Drop-In – No modifications are required to new Škoda's in order to use HVO. HVO and diesel fuel can be interchanged and mixed in any ratio or concentration.

Price – currently many fuel suppliers in Ireland are providing HVO at a comparable or equivalent price to diesel. So there is no additional cost to

Where can I get HVO for my Škoda?

HVO is already available at selected Certia and Circle-K outlets in Dublin, Tipperary, Carlow, Cork and Donegal with availability improving all the time.

How do I know if my Škoda is compatible with HVO?

Only Škoda vehicles from “Model Year 2022” (not registration in 2022) are compatible with HVO. You can identify if your Škoda is HVO compatible by the lettering “XTL” detailed inside the fuel filler flap. If you are unsure of your vehicles model year please contact your Škoda Dealer. Biodiesel or vegetable oil should not be used in Škoda vehicles and these products should not be confused with HVO. Only HVO that meets standard EN 15940 should be used in Škoda vehicles.

SKODA

Battery & Charging

The new Kodiaq iV is well suited not only for home charging, but also for charging at public chargers. Plus, the battery is continuously charged by regenerative braking because it processes the kinetic energy generated when braking. Fitted with a 25kWh Lithium-ion battery which provides a WLTP range of approximately 100km(TBC).

Charging times (approximate, preliminary data):

Source	Charging power	SoC	Charging time
DC	50 kW	10–80%	25 min.
AC	11 kW* 2.3 kW**	0–100% 0–100%	2 h 30 min. 11 h 15 min.

* Typically a public charger or home wallbox with three-phase 16 A.

** Typically charging from a household socket with one-phase 10 A.

Charging cables compatible with the Kodiaq iV:

Mode 3

For charging from a wallbox

standard

Wallbox cable (Type 2)

The cable is part of the AC charging station

–

Mode 4 (CCS2 connector)

The cable is part of the DC charging station

–
